

CGM REFERRAL SUPPORT

Send CGM Orders to Wellstart

Flexible referral options make it simple to send referrals the way you prefer

**EMR**

E-prescribe to us like a pharmacy — search for Wellstart Medical and send the order directly from your system.

**Parachute**

Prefer Parachute? We're there, too. Start a CGM order and select Wellstart Medical, as the supplier.

**Fax or email**

Send it over — we'll take it from there.
See the back of this card for exactly what to include.

Send CGM orders to Wellstart

E-prescribe from your EMR

1. Search for Wellstart Medical LLC in your EMR
2. Select the CGM brand
3. Prescribe a 90-day order with refills
4. Include the patient's diabetes dx code
5. Send recent visit notes by e-fax or Wellstart will follow up

Send through Parachute

1. Log in to Parachute
2. Start a new CGM order
3. Select Wellstart Medical, LLC
4. Select the CGM brand
5. Complete the required questions
6. Attach recent visit notes
7. Review, sign, and submit

Send by fax or email

- Patient demographics — Name, date of birth, address, phone number, and insurance information
- Prescribed items — CGM brand, receiver/reader if needed, sensors, quantity, days supply, and refills
- Insurance information
- Diagnosis code(s)
- Recent chart notes — Support CGM coverage criteria
- Prescriber information — Name, NPI, phone, email, fax, signature

HOW TO ENSURE COVERAGE

CGM Coverage Criteria

Patients with type 1 or type 2 diabetes must have documentation supporting:

- **Use of insulin** Or
- **Problematic hypoglycemia, including:**
 - **More than one Level 2 event** that persists despite medication adjustments, or
 - **One Level 3 event** requiring assistance due to altered consciousness or physical impairment

Suggested quantities for 90-day orders

Use the chart to help select the correct sensor quantity.

SENSORS	QTY
DEXCOM G7 10 DAY	9
DEXCOM G7 15 DAY	6
LIBRE 14 DAY	7
LIBRE 2 PLUS	6
LIBRE 3 PLUS	6

Is the patient new to CGM?

Don't forget the receiver
